

Continuation of Care Form

GENERAL INFORMATION ABOUT TRANSITION ASSISTANCE PROGRAM

Purpose of Continuation of Care

Transition Assistance is a process that allows continued care for members when:

- Their primary medical group, IPA, PPO provider, hospital, or other provider is terminated from the participating provider network.
- They are a new enrollee in an Anthem plan (except members with an Individual contract) and their treating provider is not part of the participating provider network.
- Continuity of care is at risk for reasons over which the member has no control.

Please Note: If you require ongoing care for any chronic condition and you are not in an acute phase of your illness, one requiring a special course of treatment, you should select an in-network provider to meet your ongoing health care needs and you do not need to complete this form. If you need assistance selecting a new provider, you should contact your Anthem Customer Service.

Completing the Continuation of Care Form

You may request Continuation of Care if:

- If you are in an active course of treatment for an acute medical condition or a serious chronic condition. **An acute medical condition** is a medical condition that involves a sudden onset of symptoms due to an illness, injury or other medical problem that requires prompt medical attention and that has a limited duration. **A serious chronic condition** is a medical condition due to a disease, illness, or other medical problem that is serious in nature and that persists without full cure or worsens over time or one that requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services may be provided for a period necessary to complete a course of treatment and to arrange for a safe transfer to another provider.
- If you are in an active course of treatment for any behavioral health condition.
- Pregnant, regardless of trimester.
- You have a terminal illness.
- You have a surgery or other procedure that has been authorized by the previous plan or its delegated provider and is scheduled to occur within 180 days of the effective date of coverage for a newly covered enrollee.
