

Safety & Security

Stay Safe During Business Travel

Our global business environment means that our employees are often traveling to meet with customers, vendors, or to visit our offices. To help you stay safe and healthy while travelling outside your home country, we have partnered with **International SOS**.

As the world's leading medical and travel security services company, International SOS provides useful information before your trip and while abroad, to help safeguard your personal health and security.

International SOS is available 24/7 to all Synopsys employees traveling on company business anywhere in the world.

Be Prepared Before You Travel

1. DOWNLOAD THE INTERNATIONAL SOS ASSISTANCE APP

Get medical and travel security information in one click!

The ISOS Assistance App allows you to:

- Obtain essential medical and security information prior to departure, or while traveling
- Instantly call the closest International SOS Assistance Center for immediate support
- Receive alerts for countries of your choice
- Check-in feature to stay informed about events nearest you

2. INTERNATIONAL SOS MEMBERSHIP PORTAL

In addition to the International SOS Assistance App, you have access to a comprehensive membership portal. Here you will find detailed information covering a variety of medical, safety, and security related topics, including information about clinics and local medical facilities, vaccination requirements, advice on prevalent diseases and special precautions, security concerns, embassy contact information, and much more. If you need proof of health insurance coverage, which you might need to provide while obtaining a travel visa, simply visit the portal and complete the webform.

Visit the International SOS Membership Portal, click [HERE](#).

3. PRE-TRIP ADVISORIES

After booking any international business travel through our corporate providers (i.e., Travel Leaders), you will automatically receive a personalized **Pre-trip Advisory** from International SOS.

It is important that you read your Pre-trip Advisory to prepare for your trip. These Advisories help to mitigate potential disruptions while abroad, and provide you with relevant information and advice:

- **Health and safety topics** covering medical care, vaccination requirements, and food and water quality
- **Logistical matters**, ranging from transportation to cultural tips
- **Security concerns in the area**, such as civil unrest, crime, etc.
- **Useful support contact details**, for additional assistance

If an event relevant to your trip occurs close to you or during your trip, you will be kept informed through alerts via email, text, and/or phone.

4. UPDATE YOUR CONTACT INFORMATION

It is important to ensure your contact details is updated in [Employee Central](#) and travel profile with the [corporate travel provider](#).

Need Assistance During Travel

If you need assistance while traveling abroad, let International SOS help you locate a qualified healthcare provider, receive a prescription or simply answer any general medical or security concerns you may have so you get quality medical care and advice.

In an emergency, International SOS can ensure you get immediate care whether it requires evacuating you to a center of medical excellence or closely monitoring your condition with local doctors. Keep in mind that they can also take care of all the details associated with your situation such as making travel arrangements for family members so you can focus on getting better.
